Poland is the 7th largest country in Europe (population of 38 million people). It is a member of the European Union and the Schengen Area. Whoever enters Poland may freely travel around all member states.
HIGHER EDUCATION INSTITUTIONS IN POLAND

- academic tradition in Poland goes back to the mid-14\textsuperscript{th} century
  The first Polish university was established in Krakow in 1364.
- 132 public Higher Education Institutions (HEIs)
  classic universities, medical schools, universities of applied sciences, schools of economics, schools of agriculture, teacher training colleges, schools of fine arts, sports colleges, military colleges, ecclesiastical colleges, vocational college
- 1.3 million students
- 73 000 international students (long-term) from over 150 countries
Poland is a member of the European Higher Education Area. Polish academies, as a participant in the EHEA and the Bologna Process, have introduced e.g. the three-cycle framework of higher education qualifications and the European Credit Transfer System.
WARSAW – AN ACADEMIC CITY

- Capital city of Poland
  - 1.7 million inhabitants, 8.3 million tourists per year
  - 150 cinemas, theatres, music venues and museums, 80 parks, 450 kilometres of bike trails
- 15 public Higher Education Institutions (HEIs)
- 240 000 students per year (more than in Berlin or Prague)
- According to Nature: Warsaw is the country's main research hub and is becoming a hub of globally competitive science. (“Poland: Into the light”, 2017)
- According to QS Best Student Cities 2019 Warsaw took 51st place in the world. It receives a very high score in the affordability category thanks to its combination of low living costs and reasonable tuition fees.
The University of Warsaw was founded in 1816. It is the largest university in Poland and the best research centre in the country.
- UW occupies 1st place in the national rankings of universities
- UW belongs to the top 3% of universities in the world according to global rankings such as THE, QS and ARWU; 11 subjects run by UW were ranked in the Shanghai Ranking of Academic Subjects 2019 (Physics and Mathematics were ranked 51-75 worldwide)
- UW belongs to the 4EU+ European University Alliance
- UW is among the „Nature“ Rising Stars
  3rd place among the institutions of South East Europe and 96th place worldwide in Nature Index 2016 Rising Stars
- UW was granted the “HR Excellence in Research” award
  it is given by the European Commission and identifies the institutions that adopted the principles of the European Charter for Researchers
The University of Warsaw graduates have won 5 Nobel Prize awards:

- Nobel Prize in Literature: Henryk Sienkiewicz, Czesław Miłosz,
- Nobel Peace Prize: Menachem Begin, Joseph Rotblat,
UNIVERSITY COMMUNITY

- 7,300 employees
  - 3,700 academic teachers
- 2,900 doctoral students
- 4,250 students
- 4,800 international students and doctoral students
- 2,700 postgraduate students
- 9,200 graduates per year
21 FACULTIES
+ 30 ACADEMIC AND RESEARCH UNITS

Faculty of Applied Linguistics
Faculty of Applied Social Sciences and Resocialisation
Faculty of “Artes Liberales”
Faculty of Biology
Faculty of Chemistry
Faculty of Economic Sciences
Faculty of Education
Faculty of Geography and Regional Studies
Faculty of Geology
Faculty of History
Faculty of Journalism, Information and Book Studies

Faculty of Law and Administration
Faculty of Management
Faculty of Mathematics, Informatics and Mechanics
Faculty of Modern Languages
Faculty of Oriental Studies
Faculty of Philosophy and Sociology
Faculty of Physics
Faculty of Polish Studies
Faculty of Political Science and International Studies
Faculty of Psychology
3 CAMPUSES IN WARSAW

University life is concentrated on three campuses:

- **Main Campus**
  - historic seat of the University
  - located in the heart of Warsaw – part of the city’s flagship Royal Route
  - appreciated for its elegant architecture, dating back to 17th century
  - home to the humanities and social sciences, the UW authorities and central administration offices

- **Ochota Campus**
  - home to science and natural science
  - recently gained impressive new buildings, housing state-of-the-art laboratories

- **Służewiec Campus**
  - home to the Faculty of Management and a part of the Faculty of Applied Linguistics buildings, student dormitories
1\textsuperscript{st}, 2\textsuperscript{nd} and Long Cycle – Uniform Master’s Studies

- over 100 programmes in humanities, social, exact and natural sciences
- 27 English-language programmes
  
  within the Polish-language programmes, 2,000 courses are taught in foreign languages
- 29 double degree programmes run by the UW and international partners
- Recognition of Prior Learning (RPL)
  
  process for recognising knowledge, skills and competences that have come from experience or previous formal or informal learning; the recognition gained may considerably shorten the normal period of studying
27 ENGLISH-LANGUAGE PROGRAMMES
1\textsuperscript{st}, 2\textsuperscript{nd} and long cycle – uniform Master’s studies

- American studies (1\textsuperscript{st}, 2\textsuperscript{nd} cycle)
- Archaeology (1\textsuperscript{st}, 2\textsuperscript{nd} cycle)
- Chemistry (2\textsuperscript{nd} cycle)
- Cognitive Science (2\textsuperscript{nd} cycle)
- Data Science and Business Analytics (2\textsuperscript{nd} cycle)
- English Studies (1\textsuperscript{st}, 2\textsuperscript{nd} cycle)
- Environmental Management (2\textsuperscript{nd} cycle)
- European Politics and Economics (1\textsuperscript{st} cycle)
- Finance, International Investment and Accounting (1\textsuperscript{st} cycle)
- Humanitarian Action (2\textsuperscript{nd} cycle)
- International Economics (2\textsuperscript{nd} cycle)
- International Relations (1\textsuperscript{st}, 2\textsuperscript{nd} cycle)
- International Studies in Philosophy (1\textsuperscript{st} cycle)
- Master in Food Systems (2\textsuperscript{nd} cycle)
- Oriental Studies – Inner Asia: Mongolian and Tibetan Studies (2\textsuperscript{nd} cycle)
- Physics (2\textsuperscript{nd} cycle)
- Political Science (1\textsuperscript{st}, 2\textsuperscript{nd} cycle)
- Psychology (uniform Master’s cycle)
- Sustainable Development (2\textsuperscript{nd} cycle)
- Quantitative Finance (2\textsuperscript{nd} cycle)
- Teaching English to Young Learners (2\textsuperscript{nd} cycle)
The University of Warsaw provides education which is a definite asset in the labour market. According to the monitoring of UW graduate careers, 94% of former students find employment within a year of graduation.
PhD PROGRAMMES, POSTGRADUATE PROGRAMMES AND COURSES

- 4 doctoral schools
  - Doctoral School of Humanities, Doctoral School of Social Sciences, Doctoral School of Exact and Natural Sciences, Interdisciplinary Doctoral School
  - each doctoral student has an opportunity to follow a complete learning pathway in English

- 126 postgraduate programmes (3 Master of Business Administration programmes)

- Open University courses
UNIVERSITY OF RESEARCH

- 3,700 academic teachers
  - 690 professors
- 2,900 doctoral students
- 100 million euro research budget
  - 1/3 of the University budget
- 3,300 research topics
  - Humanities, social, exact and natural sciences
  - Interdisciplinary studies, including subjects in medical or technical sciences
- 1,900 projects
  - Financed from the national or international research grants
- 5,200 publications per year
UW research centres are found not only in Poland. The astronomers observe the sky in the Las Campanas Observatory in Chile. The archaeological research centre in Cairo has been in operation since 1959. There is a scientific research entity in Peru entitled The Center for Andean Studies of the University of Warsaw in Cusco. In 2018, a new archaeological unit in Khartoum has been opened in Sudan.
INTERNATIONAL RESEARCH PROGRAMMES

- **European Union funds**
  
  7th Framework Programme (2007-2013) – 32.5 million euro, 98 projects
  Horizon 2020 (Framework Programme for Research and Innovation 2014-2020) – over 50 projects

- **Other international subsidies**
  
  Polish-Swiss Research Programme, European Economic Area and Norway Grants, European Cooperation in the Field of Scientific and Technical Research (COST), European Space Agency, European Molecular Biology, Humanities in the European Research Area (HERA), European Organization for Nuclear Research (CERN), International Visegrad Fund Polish-German Science-Foundation, Chiang Chingkuo Foundation for International Scholarly Exchange
the most prestigious European grants competitions, financed from EU framework programmes (7th FP, Horizon 2020)

2007-2018 – scholars from UW have received 14 grants of the 32 grants given to all Polish institutions

a wide range of research areas

algorithms, anthropology, archaeology, astronomy, cryptography, cultural studies, linguistics, logic, mathematical physics, sociology

UW also participates in 2 projects financed by the ERC as an institutional partner, coordinated by the Polish Academy of Sciences and the University of Oxford.
EUROPEAN RESEARCH COUNCIL GRANTS

- **Starting Grant**
  2017 – Dr. Artur Obłuski (Polish Centre of Mediterranean Archaeology)
  2016 – Dr. Marcin Pilipczuk (Faculty of Mathematics, Informatics and Mechanics)
  2015 – Dr. Marek Cygan (Faculty of Mathematics, Informatics and Mechanics)
  2013 – Dr. Piotr Sułkowski (Faculty of Physics)
  2012 – Dr. Justyna Olko (Faculty of “Artes Liberales”)
  2010 – Prof. Piotr Sankowski (Faculty of Mathematics, Informatics and Mechanics)
  2009 – Dr. Natalia Letki (Faculty of Philosophy and Sociology)
  2009 – Prof. Mikołaj Bojańczyk (Faculty of Mathematics, Informatics and Mechanics)
  2007 – Prof. Stefan Dziembowski (Faculty of Mathematics, Informatics and Mechanics)

- **Consolidator Grant**
  2015 – Prof. Katarzyna Marciniak (Faculty of “Artes Liberales”)
  2015 – Prof. Mikołaj Bojańczyk (Faculty of Mathematics, Informatics and Mechanics)
  2017 – Prof. Piotr Sankowski (Faculty of Mathematics, Informatics and Mechanics)

- **Proof of Concept**
  2015 – Prof. Piotr Sankowski (Faculty of Mathematics, Informatics and Mechanics)

- **Advanced Grant**
  2009 – Prof. Andrzej Udalski (Faculty of Physics – Astronomical Observatory)
Over the last decade, thanks to EU funding, representatives of the exact and natural sciences have been equipped with laboratories facilitating research at the highest level. On the Ochota campus, two interdisciplinary centres have been built: the Centre of New Technologies and the Biological and Chemical Research Centre.
MULTIANNUAL DEVELOPMENT PLAN (2016-2025)

- adopted in November 2015 by the Polish government
- ca. 230 million euro
- a programme of change and modernisation in various university activities
- new facilities will be built and some existing buildings will be modernised
Multiannual development plan will allow UW to:

- foster research in the humanities and social sciences
- tighten up international cooperation and conduct ambitious interdisciplinary projects
- encourage international academic exchange
- develop cooperation within the social and economic environment
- create places devoted to the popularisation of science, training and expertise, as well as lifelong-learning centres
INTERNATIONAL COOPERATION

- 800 international partners
  530 universities in 73 countries that work with the UW under bilateral agreements
- 100 international societies and research networks with UW as a member
- UW is the most active Polish university in academic exchange programmes
  Erasmus+, Central European Exchange Program for University Studies, Deutscher Akademischer Austausch Dienst programmes, Polish-American Fulbright Commission programmes
INTERNATIONAL COOPERATION – EXAMPLES

- associations of universities with UW as a member, e.g.:
  - European University Association (EUA)
  - Network of the Universities from the Capitals of Europe (UNICA)
  - Heads of University Management & Administration Network in Europe (HUMANE)

- 100 international societies and research networks with UW as a member, e.g.:
  - Inter-university Consortium for Political and Social Research (ICPSR)
  - International Migration, Integration and Social Cohesion (IMISCOE)
  - Research Network, Central & Eastern European Network of Indian Studies (CEENIS)
  - European Research Consortium for Informatics and Mathematics (ERCIM)
  - Global Biodiversity Information Facility (GBIF)
  - Digital Research Infrastructure for the Arts and Humanities (DARIAH-ERIC)
  - Global Universities Partnership on Environment and Sustainability (GUPES)

- UW is a member of research consortiums established for specific research projects, UW scholars participate in international research undertakings, e.g.:
  - Graphene Flagship
  - H.E.S.S., CTA, LIGO/VIRGO, Planck, Gaia, Araucaria (astronomy)
  - EIT Food – Knowledge and Innovation Community (KIC)
  - European Organization for Nuclear Research (CERN)
  - Next Generation Internet (NGI) – the initiative of the European Commission
The Alliance brings together six, large, public and well-established universities that are comprehensive and research intensive.

4EU+ Alliance was selected by the European Commission for funding in the first pilot ‘European Universities’ call for proposals, launched as part of the 2019 Erasmus+ programme.
4 EU+ ALLIANCE

- Members:
University of Warsaw (Poland),
Charles University (Prague,
Czechia/Czech Republic),
Heidelberg University
(Germany), University of
Copenhagen (Denmark),
Sorbonne University (France),
University of Milan (Italy)

- The 4EU+ mission is to
develop a barrier-free and
continuously deepening
cooperation in education,
research, mobility and
innovation within the Alliance.
2 International Research Agenda Units:

- ReMedy (Regenerative Mechanisms for Health) – a joint unit of the University of Warsaw and the University Medical Center Göttingen (2017)
- Centre of Quantum Optical Technologies – a joint unit of the University of Warsaw and the University of Oxford (2018)
In 2017, UW and the University of Cambridge have signed an agreement regarding the Cambridge Polish Studies. The programme will provide opportunities for research collaboration, as well as teaching in Polish language, literature and culture.
COOPERATION WITH BUSINESS PARTNERS

- 16 spin-off companies were set up at the UW
  - e.g. bioremediation, biodegradation, medical and veterinary diagnosis, genetics, satellite observations for forest economy and agriculture, Big Data analyses
  - RDLS, Warsaw Genomics, AmerLab, Spektrino, MIM Solutions, BACTrem, GeoPulse, EIT Food CLC North-East, CRI, Matariki Bioscience, Meteo, Nephrolab Plus, Microanalysis, DDG Bioinformatics, GeoLearning, Project42

- Expert centres offering analytical, laboratory and computing services: Centre for Forensic Science, Centre for Political Analysis, Biological and Chemical Research Centre

- Academic incubator – well-equipped facilities, expert support, individual mentoring, workshops and trainings
