**DESCRIPTION** (field, expectations, comments): Position based on full-time employment contract in the NAWA project „Compound atomic systems for quantum simulation”. The main task includes theoretical modelling of ultracold hybrid ion-atom systems. The position is offered
to candidates who are willing to prepare and defend a PhD thesis based on their work in the project.

**The requirements:** The candidate should hold a Master degree in exact and natural sciences and have experience in quantum mechanics, numerical methods and programming. She/he will apply for PhD student status at the Doctoral School of Exact and Natural Sciences at the University of Warsaw, and will prepare and defend a PhD thesis during the project, obtaining a doctoral degree in physical sciences.

**Key responsibilities:** The candidate will conduct research on the theory of ultracold quantum systems, i.e. hybrid ion-atom setups. The aim of the project is to understand the dynamics of such systems and propose their application in quantum technologies implementation.

**Employment conditions:** Full-time contract of employment as an engineering and technical associate. Remuneration of 7800 PLN per month including employer’s costs. Employment can start from 01.07.2021, and will last until 30.06.2024. Work will be conducted in the Institute of Theoretical Physics at the Faculty of Physics, University of Warsaw.

The candidate should provide the following documents in PDF format by email to Krzysztof.Jachymski@fuw.edu.pl before 15.05.2021:

1. Application for the position with scanned signature.
2. Scan of signed information on the processing of personal data – in the attachment to the announcement (also available on the website [http://bsp.acim.uw.edu.pl/bsp/drukij-formularze/](http://bsp.acim.uw.edu.pl/bsp/drukij-formularze/)).
3. CV with information about scientific activity and achievements to date.
4. Publication list and information on conference presentations.
5. Information on the courses completed so far and the acquired notes.
6. Copies of the academic diplomas.

*The chosen candidate will need to provide original documents at the start of employment.*

The entire procedure will be concluded before 31.05.2021. The candidates might be asked for an interview, and they will be contacted individually by email to set a date. The procedure results will also be communicated by email.
